Ansari Mohammad Arham

Front-End Developer |+91-9022874930 | arhamansari7227@gmail.com| LinkedIn | Github

Frontend Developer with a Computer Application background and experience building responsive web application using React.JS, Redux, JavaScript, and Tailwind CSS. Passionate about creating responsive and user-friendly web applications. A quick learner with strong problem-solving skills, seeking an opportunity to start my career and contribute to a dynamic development team.

Technical Skills

- **Frontend:** HTML5, CSS, Tailwind CSS, JavaScript (ES6+), React.js.
- **State Management:** Redux Toolkit.
- **Programming Languages:** JavaScript, Python (Core).
- **Database:** SQL (Core).
- **Framework:** React.js.
- **Tools:** VS Code, Chrome, Dev Tools, GitHub.

EXPERIENCE

Frontend Developer Intern | Course-Based Internship | Jan 2026 – Apr 2026

- Completed a curriculum-guided internship focused on modern frontend web development technologies.
- Developed responsive web interfaces using HTML, CSS, JavaScript, React.js, and Tailwind CSS.
- Built reusable and component-based user interfaces using React.js.
- Implemented state management using Redux Toolkit and integrated REST APIs.
- Strengthened practical knowledge of DOM manipulation, API integration, responsive design, and frontend performance optimization.
- Used Git and GitHub for version control and collaborative development**.**

Project

E-COMMERCE WEB APPLICATION | May 2026 - June 2026

- Developed a responsive e-commerce web application with dynamic product listing using a Dummy Product API.
- Integrated advanced shopping cart functionality with quantity management and total price calculation.
- Designed a clean, responsive user interface using Tailwind CSS and optimized the project with Vite.
- Focused on code structure, reusable components, and performance using Vite.
- **Tech Stack:** React.js, Redux, Tailwind CSS, JavaScript, Vite.

EMPLOYEE MANAGEMENT SYSTEM (CRUD) | Apr 2026 - May 2026

- Developed a fully responsive Employee Management System using a React.js.
- Implemented CRUD (Create, Read, Update, Delete) functionality to manage employee records.
- Created a form to add employee details, including Employee Name, Employee ID, Designation, Email, Education, Address, Salary, Joining Date, and Performance.
- Used React state management and event handling to update employee data efficiently.
- **Tech Stack:** React.js, JavaScript, Tailwind CSS.

EDUCATION

Bachelor of Computer Applications (BCA) -University of Nashik (2023-26)
